

Help Us Recycle!

Don't throw away or mail back that empty inkjet or laser printer cartridge when it is empty; our school can recycle it and earn money in the process!

It's easy! Just send your empty printer cartridges to school with your son or daughter. You will be helping us protect our environment by keeping unnecessary waste out of our landfills.

If you work at a Knoxville area business or organization that would like to help our school and our environment by directly recycling empty printer cartridges and donating the proceeds to our school, please call our school! Our partner in recycling, Cash4Cartridges Tennessee, has a unique program known as the Direct Pickup Cartridge Program which allows our school to easily promote community recycling and raise funds at the same time.
